Typography

Readex Pro

Pure funcion and readability

Designed to read more easily and fluently by reducing visual noise. Readex Pro font have distinct letterforms, and offer the option to widen tracking (the spacing between letters) together with widening the shapes of individual letterforms themselves.

Pattern

Arrainging symbols in patterns
is abstract representation of neural
netwok. Each symbol is rotated differently
to reflect connection weight between
neurons.

Tone of Voice

Your new AI team.

BOLD, DIRECT, UPFRONT, CONFIDENT, FORWARD, STRAIGHT, EASYGOING, UNDERSTANDABLE

NeuralSpike brand can be personificated as smart geek, confident, but not cocky in any way. Think of him as a good friend, who is gifted kid, cool geek with social skills that people gets along with. Tone of voice should reflect his personality, that's why it's straight, easy to understand, because true wisdom is when one can simply explain complex ideas. That's NeuralSpike spriti.

Visual language

Human-first approach to advanced technology.

POSTHUMANISM, BIOHACKING, ABSTRACT SYMBOLS, DARK BACKGROUNDS, STRONG CONTRASTS
